## SAP INTEGRATION AND CERTIFICATION CENTER

## THIRD-PARTY SOFTWARE PRODUCT JAVA BACKGROUND PROCESSING SCHEDULER

# README1ST for SAP® Integration Scenario JAVA-JXBP 7.1 Java External Interface for Background Processing

#### **Bernhard Weiss**

Joined SAP in August 1989. He currently works for the SAP Integration and Certification Center in Walldorf, Germany (complete bio appears on page 2) Java External Interface for Background Processing (<u>JAVA-JXBP 7.1</u>) is a new SAP® integration certification scenario available with the <u>Java-based deployment of the SAP enhancement package 1 for the <u>SAP NetWeaver® Application Server (SAP NetWeaver AS) component 7.1, support package 4 or greater</u>. It provides low-level job scheduling capabilities for applications running on the Java-based deployments of SAP NetWeaver AS, such as enabling the automated execution of tasks that applications can perform in the background.</u>

From time to time, sometimes changes might also be necessary to the JAVA-JXBP 7.1 test catalogue and / or documentation etc. To make sure you are constantly up-to-date with changing SAP technical requirements or other, we have listed in this document further technical information which was not mentioned either in the JAVA-JXBP 7.1 test catalogue and / or documentation and / or as described in the sample test report (the sample test report is a mirror of the test report used for certification purposes).

#### SAP supported Java releases and support packages.

- ☑ SAP NetWeaver CE 7.1 Enhancement Package 1 SP4 or greater (available December 7, 2009)
- SAP NetWeaver PI 7.1 Enhancement Package 1 SP4 or greater (available December 7, 2009)

#### Changes to documentation, test catalogue, test report.

None.

#### Access to SAP supported software.

In order for you to prepare and also certify your product using SAP supported software, you will need a SAP NetWeaver Developer User License.

Please check <a href="http://www.sap.com/community/survey/index.epx?SurveyID=1089">http://www.sap.com/community/survey/index.epx?SurveyID=1089</a> for more licensing information.

Please note: The required license can only be obtained in conjunction with a certification contract.

### Java External Interface for Background Processing – JAVA-JXBP 7.1 product certification README1ST

SAP Integration and Certification Center, Bernhard Weiss (icc@sap.com)

#### Bernhard Weiss joined SAP during August 1989.

He currently works for the Integration and Certification Center at SAP in Walldorf, Germany

Prior to joining SAP, he worked as a financial analyst and controller and in management information systems for 3 years with a US multinational and UK based corporation. After joining SAP in 1989, he worked 4 1/4 years as a support engineer in R/2 hotline - SAP QSA, in the area R/2 RF. Subsequently, before joining the department ICC, he worked 9 years as a system administrator within SAP IT, in the areas of OS/2, Windows, Linux, Lotus Notes/Domino, training and internal production systems, VMware, 7x24 support, networking, hardware, monitoring. Bernhard's current focus within ICC are SAP NetWeaver integration technologies, for example, J2EE and CCMS, lowering TCO, outsourcing, server and system consolidation of ICC test systems utilizing VMware. In addition to his SAP expertise, Bernhard holds/obtained an MBA (Master of International Business Administration from Thunderbird, The American Graduate School of International Management), BA (Bachelor of Science in Business Administration from Bowling Green State University), and Arts (Associate of Arts from Cuyahoga Community College). Bernhard lived 16 years in the United States and is bilingual in English and German.
