If I reinstall Vantage CNM server once the previous server was crashed, how can I get back my registered license?.....	47

How to register an user account from myZyXEL.com

Step 1. Go to ZyXEL Communications online services center. “<http://www.myZyXEL.com>.”

Step 2. Select “Click here” to register a user account on myZyXEL.com

The screenshot shows the myZyXEL.com login page. At the top, it says 'Login /' and 'Welcome to myZyXEL.com'. Below this, it asks 'What's myZyXEL.com?' and explains that the platform is for managing ZyXEL product registrations. It then prompts the user to register first. There is a 'Log In' section with fields for 'Username' and 'Password', a 'Remember Username' checkbox, and 'Submit' and 'Cancel' buttons. A link 'Forgot User Name / Password? Click here' is also present. Below the login section, there is a link '+ Not sure if you ever registered in our system (ZSSW) before? Check here.' and another link 'For help? FAQ, Support Note'. At the bottom, under 'New User', there is a link 'If you are not a registered user, Click here'. A red circle is drawn around the 'Click here' link, and a red arrow points to it with the text 'Get an account'.

Step 8. From ZyWALL IDP's Applicable Service List, you will have a service "IDP Signature Update" available. Click **Activate**.

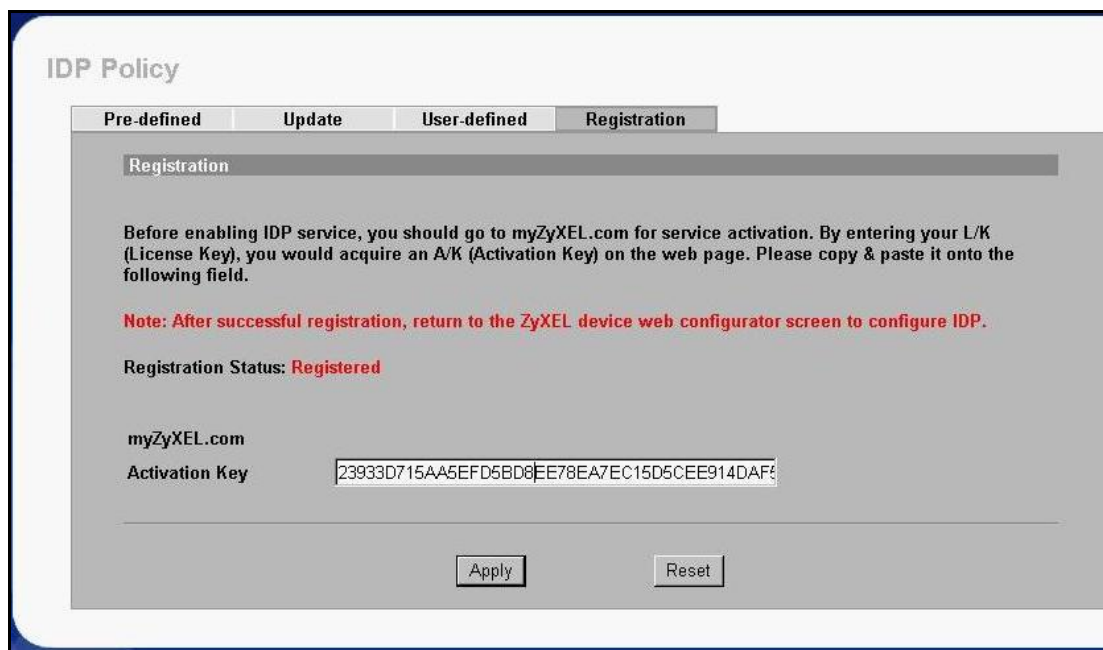

Step 9. Enter the license key you get from “**Device License Key**” card. Then press **Submit** button.

Step 10. After clicking **Submit** button, you will get an “**Activation Key**” and “**Service Set Key**”. An email with these keys will be send to your email address as well.

Step 11. You can copy & paste “**Activation Key**” to ZyWALL IDP’s Registration page.

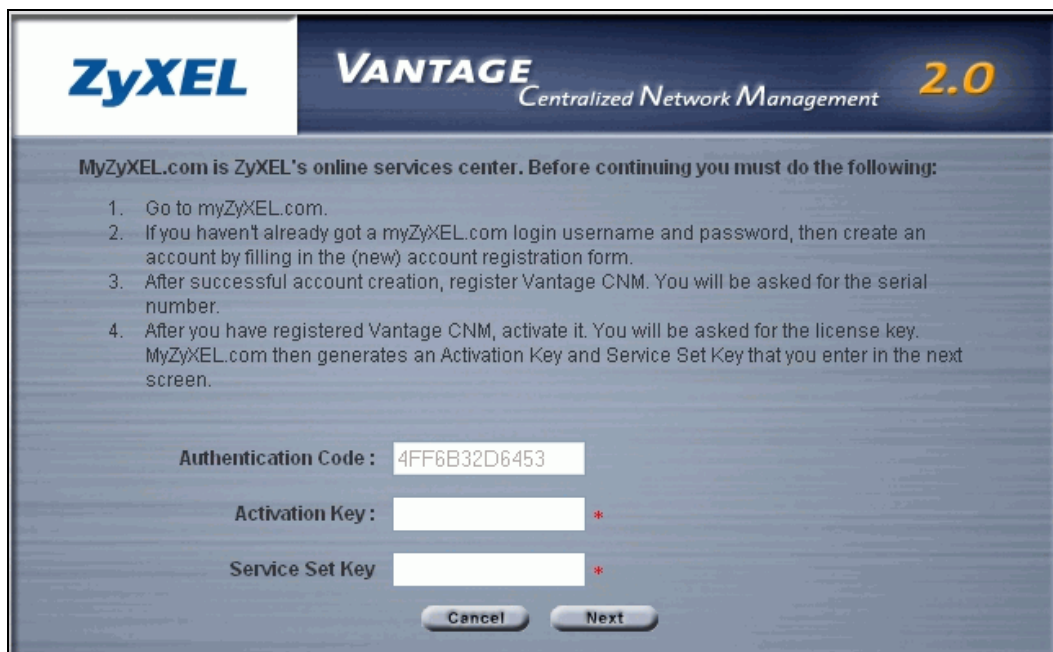

Vantage Registration

When login Vantage server for the first time, you need to get **Activation Key** and **Service Set Key** from myZyXEL.com server for registration purpose.

Step 1. To login Vantage, please issue <http://<Vantage Server's IP>> from WEB browser. The default users name and password are root/root.

The image shows the Vantage 2.0 login interface. At the top, there is a header with the ZyXEL logo on the left, the word 'VANTAGE' in large white letters, 'Centralized Network Management' in smaller white letters, and '2.0' in orange. Below the header, the background is a dark blue gradient. In the center, there are two white input fields. The first is labeled 'Username:' and contains the text 'root'. The second is labeled 'Password:' and contains five black dots. Below these fields is a small, rounded 'OK' button.

Step 2. Keep the Authentication Code for later registration

The image shows the Vantage 2.0 registration screen. At the top, there is a header with the ZyXEL logo on the left, the word 'VANTAGE' in large white letters, 'Centralized Network Management' in smaller white letters, and '2.0' in orange. Below the header, the background is a dark blue gradient. The main content area has a light blue background. It starts with a paragraph: 'MyZyXEL.com is ZyXEL's online services center. Before continuing you must do the following:'. This is followed by a numbered list of four steps: 1. Go to myZyXEL.com. 2. If you haven't already got a myZyXEL.com login username and password, then create an account by filling in the (new) account registration form. 3. After successful account creation, register Vantage CNM. You will be asked for the serial number. 4. After you have registered Vantage CNM, activate it. You will be asked for the license key. MyZyXEL.com then generates an Activation Key and Service Set Key that you enter in the next screen. Below the list, there are three input fields. The first is labeled 'Authentication Code :' and contains the text '4FF6B32D6453'. The second is labeled 'Activation Key :' and is empty, with a red asterisk to its right. The third is labeled 'Service Set Key' and is empty, with a red asterisk to its right. At the bottom, there are two buttons: 'Cancel' and 'Next'.

Step 3. In case you haven't got an account on myZyXEL.com, you need to get a new account.

Please follow the instruction on the first section. It describes step by step on how to create a new account on myzyxel.com. If you get into trouble in this step, please contact ZyXEL

support.

More

Step 5. Press **add** button to add the Vantage CNM you have.

Product Registration

Registered Product List

Your Registered Products are listed below:

To view associated Service Details, click on the Product Name.

Name	Serial Number
<div> <div>Add</div> </div>	

Step 6. In this step you need to enter **Serial Number**, Select **Category and Model**, **Authentication Code / MAC address**, and a **Friendly Name** for your product. You can find serial number and MAC address at the bottom of your device. Click **Register**.

My Products / Product Registration

Add New Product

Add New Product

To add a new product, please fill in the following fields.
 Friendly Name is an alias you give the product to identify it in the product list.

marked by (*) are Required

<p>* Serial Number:</p> <input type="text" value="S0Z4320830"/>	<p>Please enter the 10-digit number of the label on the unit. (Upper Case)</p>
<p>* Category:</p> <input type="text" value="Network Management"/>	<p>Please select your correct category.</p>
<p>* Model:</p> <input type="text" value="Vantage CNM"/>	<p>The model number can be found on the belly label of your hardware. Example: ZyWALL 70</p>
<p>* Authentication Code / MAC Address :</p> <input type="text" value="4FF6B32D6453"/>	<p> ➤ For hardware products, this is the physical MAC address. Help ➤ For software products, this is a generated number that is displayed after you install the software. (Upper Case) </p>
<p>* Friendly Name:</p> <input type="text" value="vantage cnm"/>	<p>Please give a name easy to remember for you. Up to 30 characters. It may contain letters(a~z), numbers, or underscore character, other character are not allowed.</p>

Register

Step 7. Input the date you purchase the product, and the purpose of the buying.

The screenshot shows a web interface for 'My Products / Product Registration'. Under the 'Product Survey' heading, there is a 'Product Information' section. This section contains two fields: 'Purchase date' with a text input showing '2004-04-01' and a calendar icon, and 'You purchased this product from' with a dropdown menu showing 'E-commerce'. A 'Continue' button is located at the bottom right of the form, with a mouse cursor hovering over it.

Step 8. You would get a successful message. Then press **Continue** button.

The screenshot shows a success message titled 'Add New Product Success'. Below the title, there is a sub-header 'Add New Product'. The main message text reads: 'Add New Product success,click to see more product services.' At the bottom center, there is a 'Continue' button.

Step 9. From the Applicable Service List, you will have a service of "Vantage CNM 2.0 Device Management" available. Click **Activate**.

FAQ

What should I do if I am a new user?

Ans: Please login device web configurator first. Click "Register" button under *Content Filter* page and it automatically redirects you to registration website (<http://www.myzyxel.com>) to start registration. Read the pop-up windows thoroughly. If you encounter problem, you can open the *Support Notes* under *Download Center* menu for step-by-step instruction.

What should I do if I have registered content filtering service before?

Ans:

1 Since 30-June-2004, ZyXEL has migrated your registered information to current <http://www.myzyxel.com>. You must receive a notice email from myzyxel-admin@zyxel.com.tw via your registered email address.

2 To check your information on <http://www.myzyxel.com>, please login device web configurator first. Click "Register" button under *Content Filter* page and it automatically redirects you to <http://www.myzyxel.com> to start registration. Read the pop-up windows thoroughly. If you encounter problem, you can open the *Support Notes* under *Download Center* menu for step-by-step instruction. However, please use your registered email address as login account and default password (111111). For security concern, changing into new password is strongly recommended.

3 You can see your registered product information after login; you can see your registered service information after clicking indicated product

How should I do if I forgot my username or password?

Ans: As long as you keep the registered email address, you can click "Forgot Password?" for instruction on login page of <http://www.myzyxel.com>.

How should I do if I forgot my registered email?

Ans: Please contact with myzyxel-admin@zyxel.com.tw.

What is the possible reason why you cannot activate the service license?

Ans:

1 Wrongly key in license key, please check it again;

2 Mismatched iCard type with specified ZyWALL model, e.g. ZyWALL 70 only can accept *iCard Gold*; *iCard Silver* would fail in registration.

3 It may time out on either the device web configurator or <http://www.myzyxel.com>. Please retry it starting from device web configurator.

Can I upgrade my iCard type from Silver to Gold or Platinum with the same ZyWALL device?

Ans: No, ZyXEL doesn't provide such upgrade service.

If I got ZyWALL device RMA or SWAP to another ZyWALL device, how can I continue the license service via the new device?

Ans: Go to "Service Management" page on <http://www.myzyxel.com>, and click "Reinstall" button. And then enter the LAN MAC address of the new/changed ZyWALL device.

If I restore to factory default of my ZyWALL device, how can I get my service license continued?

Ans: Go to "Service Management" page on <http://www.myzyxel.com>, and click "Refresh" link under "Remark" field of "Applicable Service List" table. It will automatically finish the refresh.

How can I view Cerberian content filtering report?

Ans: Click "Content Filter" link of "Applicable Service List"; it redirects to Cerberian Report page. After entering your LAN MAC address (lower case) as Name and Password (same as configured on <http://www.myzyxel.com>), you will get access to your owned report.

How should I do if I forgot my activation key or service set key (only for Vantage CNM registration)?

Ans: Please contact with myzyxel-admin@zyxel.com.tw and send us your login account and Vantage CNM product serial number.

If I reinstall Vantage CNM server once the previous server was crashed, how can I get back my registered license?

Ans: After reinstalling Vantage CNM server, a new Authentication Code will be available. And then click "Reinstall" button on "Service Management" page of <http://www.myzyxel.com>. After entering the new Authentication Code to replace the original one, the flow is completed. Please be noted that you are allowed to do reinstall up to 2 times.
